Christmas Card Design Competition "Your Favourite Place in York and North Yorkshire at Christmas"

We have been asked to share the following communication from David Skaith, Mayor of York & North Yorkshire:

I'm delighted to launch my Christmas Card Competition and invite children from across York and North Yorkshire to take part. This year, I am asking pupils to design a Christmas card on the theme: "Your Favourite Place in York and North Yorkshire at Christmas".

We are lucky to live in such a beautiful and historic region, full of incredible landscapes, landmarks, and local treasures. Whether it's a favourite park, a historic building, a scenic view, or even a cosy café or playground, I want to see what makes York and North Yorkshire special to the children who live here. The winning design will feature on my official Christmas card, which will be sent to key community figures, organisations, and partners across the region. The winner and runners-up will also receive a special certificate and an invitation to meet me at my office in York.

How to Enter

- The competition is open to all primary school pupils across York and North Yorkshire.

- Entries should be on A4 paper and designed using any materials or techniques (paint, crayons, collage, digital art, etc.).
- Please ensure the child's name, age, school, and a short explanation of their design are included on the back
- Return to school before the deadline

The closing date for entries is Friday 14 November and the winning design will be announced in early December. I would love for as many children as possible to get involved and celebrate what makes our region so special. Thank you for supporting this competition, I can't wait to see the creative and festive designs from your students!

Fostering North Yorkshire - recruitment campaign

Fostering North Yorkshire is proud to be part of a national campaign to recruit more foster carers, marked by the release of 'The Run', a powerful short film about Tom, an 11-year-old boy whose life begins to change with the care of a foster family.

Right now, we urgently need more foster carers across North Yorkshire, and we hope this film will be the spark that encourages someone to take that first step. Watch the short film and learn how you can make a difference.

'Pharmacy First' availability for minor illness / ailments in children

Parents and carers in Humber and North Yorkshire are being reminded to use their local community pharmacy this summer, if their child needs help with minor illnesses or ailments.

The NHS 'Pharmacy First' service allows children to access treatment for five common conditions from their local pharmacy, without needing a GP appointment.

Children can receive NHS treatment, including antibiotics where appropriate, for five common conditions including:

- impetigo (aged one year and over)
- infected insect bites (aged one year and over)
- earache (aged one to 17 years)
- sore throat (aged five years and over)
- sinusitis (aged 12 years and over).
- The aim of Pharmacy First is to make it easier for people to get the help they need and free up millions of GP slots.

Parents can simply walk into a participating pharmacy and request a consultation for their child. If further treatment is needed, pharmacy teams will signpost families to the most appropriate local health service.

Hayley Patterson, NHS Humber and North Yorkshire ICB's Pharmacy Lead, said: "As the school holidays approach, we are encouraging parents and carers to think 'Pharmacy First' if their child is unwell, allowing them to be seen quickly and conveniently at their local pharmacy.

"The scheme enables community pharmacists, who are trained health professionals, to supply prescription-only medicines, where clinically appropriate, to treat five health conditions for children which would previously have required a GP appointment."

The Pharmacy First scheme is also available for adults and covers the following seven common conditions:

- sinusitis (adults and children aged 12 years and over)
- sore throat (adults and children aged five years and over)
- earache (children and young adults aged one to 17 years)
- infected insect bite (adults and children aged one year and over)
- impetigo (adults and children aged one year and over)
- shingles (adults aged 18 years and over)
- uncomplicated urinary tract infection (women aged 16 to 64 years).
